

FIRE ISOLATOR

Datasheet Fire Isolator Mobile Watermist Applicator 138

Product description

The Fire Isolator Mobile Watermist Applicator 138 is a further development of the Watermist 126, a revolutionary product for fighting car fires and specially developed to limit the fire in electric vehicles. It is longer than the 126 version.

The FI-MWA138 is a handy version that only weighs 10 kg, making it easy to handle by one person. It can easily be placed under the car to cool down the bottom of the vehicle.

At 4 bar water pressure each unit produces a watermist with min. 200 litres per minute.

Pictures

Art. No: FI-MWA138
Size: 1780 mm x 570 mm x 100 mm
