

FIRE ISOLATOR

Datasheet FireBlanket Ultimate FI-BL0202

Product description

The T-ISS FireBlanket FI-BL0202 can be used for lithium batteries.

By using this blanket, the lithium fire will be isolated, preventing the fire from spreading and avoiding collateral damage, also the smoke spread will be reduced.

The FireBlanket is reusable and can be cleaned. It can stand peak temperatures of 1600 °C, and can withstand 1200 °C for more than 50 hours.
